Re: Pinto Residence: 130 N. 33rd Avenue, Longport, NJ.

Dear Mr. Agnescino:

This letter will serve to certify that the flood-proofing for material under elevation 12 NAVD 88 will be a sprayed on closed cell high density water resistant foam. The foam will completely cover the floor joists and sill plate and will meet the insulation value of R30. The exterior rim board will be protected by pressure treated plywood in that area. This will meet the R-322 standards.

Best regards,

Obelenus Architecture LLC
